

# QUALITY & DELIVERY SUPPORT

## FOR COLLEGES AND PROVIDERS

**The landscape is changing beyond recognition for apprenticeships. The approach to quality outcomes, teaching & learning that have served colleges and providers for the last 30 years will need to evolve.**

**With our training sessions and consultancy services, you'll learn how to raise standards, meet employer expectations and be prepared for Ofsted.**

It's good to have a consultant who has worked in your sector but better to have someone who is still doing it. WBTC Training & Consultancy is run by a provider for providers and utilises the training skills of Mikaela Collins an experienced Training Director at West Berkshire Training Consortium. You will be working with someone who is managing the daily challenges of leading the quality improvement, not just at WBTC, but their extensive supply chain of other colleges and providers.

Mikaela has many years experience of building and improving provision change and as an established Ofsted nominee she is able to navigate the demands of the common Inspection framework and help others understand their responsibilities.

### **WE GIVE YOU THE SKILLS AND TOOLS NEEDED TO SUCCEED BASED ON OUR EXPERIENCE, NOT THEORY**

#### **CONSULTANCY**

Leaders within providers, colleges and employers will need to consider how they'll raise their game in the new competitive apprenticeship market place. High achievement rates, excellent ratings, good progression rates, audit compliance, detailed quality improvement plans and high quality standards will come into stark relief. New providers in particular will need to have robust and successful processes in place if they are to survive.

#### **AREAS OF EXPERTISE**

- Preparing for Ofsted inspection
- Inspection Nominee
- Writing Self-Assessment reports
- Detailed Quality Improvement plans
- Quality assurance of subcontractors
- Leading successful SFA audits
- Data management including raising achievements by groups
- Observations of teaching and learning
- Moderation of teaching and learning
- Performance management of assessors and IQAs

#### **MIKAELA COLLINS**

Mikaela is Director of Training at West Berkshire Training Consortium having worked her way up as an Assessor, Trainer, Internal Quality Assurer and experienced leader. Mikaela has over 18 years' experience in the sector.

She is a highly qualified and knowledgeable practitioner with a wide range of skills and extensive experience in supporting other established and emerging providers.

Mikaela's LinkedIn profile is [here](#).

*"Mikaela is an experienced, knowledgeable and trusted adviser who has enabled us to raise quality standards and excellent outcomes for our learners. I would recommend her as an outstanding consultant for any college or provider."*

Martin Butcher  
Managing Director - Manley Summers Training
