

Neurodivergence in the workplace

This course is for anyone who wants to break barriers and boost inclusion.

Who is it for?

This one day workshop is suitable for anyone who who wants to build inclusion, break barriers and boost success in and out of the workplace.

What will this workshop cover?

This workshop will equip you with the following skills and knowledge to

- Understand what neurodiversity, including ADHD, Autism, Dyslexia, Dyspraxia, Dyscalculia and some signs of each
- Explore inclusive practices that recognise the unique needs of neurodiverse individuals and reduce the barriers they face in the workplace
- Create a practical tool box of support that can be implemented in the workplace to support the success of neurodivergent individuals

Join this interactive workshop designed to deepen understanding of neurodiversity and equip you with practical tools to build a more inclusive and supportive workplace.

This workshop will be delivered by Hazel Thomas, who is an experienced trainer with a passion for technology and the benefits that can be gained when it is harnessed positively and ethically.
